Good Afternoon Ellen,

I reached out to the meeting coordinator to send me the meeting minutes to date and I have not received any. I will circulate these to all once I have them.

I am sending you copies of the agendas and sign in sheet so you can see what was discussed and who was there. I am also attaching the presentation agenda for Thursday's meeting. You will see the map that details the areas being considered for regionalization. This meeting will give you a full overview of the four communities wastewater needs and how this could move forward.

The meeting is at the Scituate Public Safety Building 800 Chief Justice Cushing Highway from 2-4.

I look forward to meeting you!

Rosemary

Hi Ellen,

I will get some meeting minutes to you from the previous meetings so you can see what's transpiring. We are in the very early stages of vetting this out between all the communities, so not a lot of background materials at this point. I will also pull together a summary of wastewater needs for each community that we have gotten from preliminary discussions.

Thank you,

Rosemary

Hi Rosemary,

I am planning to attend. Please send me any background materials.

Thanks.

Ellen

Hi Rosemary,

Thanks for your invitation to attend this regional meeting. You may have already heard from directly from Ellen Weitzler that she or someone else from EPA's NPDES office will likely attending this meeting instead of me. I have copied her on this email.

Good Afternoon!

Would you be available to meet with the regional group to discuss wastewater regionalization on June 15 from 2-4 in Scituate? We have met several times as a group and there is genuine interest to hear from our regulators.

Dave Burns and I are meeting with MEPA next week, so we should have information to share on that level.

Thank you- looking forward to hearing from you.

Regards

Rosemary
